# UBC DRAFT BEER TOWERS

If you are a fan of drinking and serving draft beer, you might as well do it with authority and style - and that is where a beer tap tower is the best solution.

Double Bridge - 12 faucets

# ABOUT DRAFT BEER TOWER

UBC Group offers wide variety of towers from modern design pipe towers made to give a bar a unique look, to traditional box towers for budget-oriented customers.

All our towers are NSF certified and come with 304 stainless steel shanks and faucets and the glycol cooled models come with 304 stainless steel lines.

Most of our towers can be powder coated in a wide variety of colors to add additional flair to the bar design. Our most popular designs can also be customized to accommodate any number of faucets and shapes.

**GEFEST**

PART #	FAUCETS	BEER LINE I.D.	COOLING METHOD
